January 12, 2008

Members and Friends,

I hope everyone had a wonderful holiday. It doesn't seem possible that it is already 2008 and we need to start preparing for the new pulling season. A lot of changes are in the works for this year. With the generosity of our members: Pete Lussetto, Doug Meissinger, Stan Meissinger, Kevin Bauman, Randy Kerr, Dan Davis, Earl Wiseman, Jeff Wiges, Sean Blackburn and Jerry Bauman, we were able to purchase a new LED score board and a 48' entry trailer. A new laser was also purchased. Rule books are at the printers and the 2008 tentative schedule is rapidly filling up with confirmations coming in. We have also welcomed in several new members, Joe Newkirk, Adrian Flores and Ryan Britten along with a very strong core group of members with 31 vehicles. It looks to be another good year for CTTA.

At the annual meeting, Doug Meissinger, Stan Meissinger and Kenny Wilson were elected to the board. Dan Davis was re-elected as President.

As a reminder to all members, please remove any and all Western Clean-Up decals from your vehicles, per Ron Greene's request. The sponsorship on the sled has been removed and we are preparing to replace that sponsorship.

As many of you are aware, there is another Association doing business in Colorado, under the name National Sled Pullers Association (or NSPA). They are trying to get into some of our venues and have successfully taken Brighton and Longmont. While they don't necessarily portray CTTA in a positive light, Dan would like to encourage all CTTA members to remain positive and not lower to their tactics. CTTA has a number of pulls booked and commitments from several others, so we will continue to do business as in the past.

If anyone has questions or concerns, please feel free to call. Dan is traveling a lot of the time of the year, but feel free to call his cell 970.396.1746.

Tech Day will be announced in the next newsletter along with any other schedule changes. Make plans to attend Tech Day in April, pulling season will start the middle of May.

Sincerely,

Delene
