May 1, 2008

Pullers and Friends,

It is finally time to get the 2008 pulling season underway. We will start at the Southwest Truck and Tractor Nationals on Saturday, May 10, in Farmington, New Mexico, at the McGee Park Indoor Coliseum. The pull will start at 5:30 p.m. MST. We have been advised to leave the park after the event. Glen Lussetto has been in contact with Pagosa Springs, Colorado, who has truck and trailer parking available for the night, the only stipulation is that we have breakfast at the restaurant on Sunday morning. We will have more information available Saturday. At this time, with the cost of fuel, we are trying to help offset some of the expense with tow money in addition to the purse. Stan and Doug Meissinger and Dan are trying to line up some semi trailers to help transport vehicles as well. If you are interested, please call Dan and he will try to help line up space. He can be reached at 970.396.1746.

As I write this letter, I am not sure that I will be headed south. Danelle still has not had our first grandchild and while I would love to be in Farmington, I want to be able to stay close so I can be the first to hold our new grandson. I will have someone there to write checks and handle the paperwork.

Dan would like to say "Thank You" to all the pullers who made their way to Brush for Tech Day. It was a good day, a little windy with some questionable weather at times, but still we had good attendance. We are excited about getting things started and are looking forward to a good year with good friends.

I hope to see everyone in Farmington.

Sincerely,

Delene
